

Shore's Martinez Terminal  
Notice of Preparation and Notice of  
Public Scoping Meeting for an EIR  
Page 6

PRELIMINARY LIST OF PROJECT ALTERNATIVES TO BE ADDRESSED

**NO PROJECT ALTERNATIVE**

Under this alternative, Shore's lease would not be renewed and the Terminal would be abandoned in place or removed. Crude oil would be transported via existing onshore pipelines and through other Bay Area marine terminals.

A decision to remove or abandon the Terminal will be the subject of a subsequent application to the SCLC and appropriate environmental review.
